Graduation Rates by Race, Gender and Pell (2016 Cohort)	

Data: Course completion and student outcomes are systematically collected and analyzed to determine student achievement. This information is also used to provide insight into opportunities to improve student achievement. The course

students and higher persistence rates than three of the seven overall general education areas. However, the success rates did not meet the benchmark for successful completion.

Course persistence rates and success rates are currently being tracked by instructor in order to assist in identifying supports to be put in place or changes needed. Tutoring in-person and online are offered in all general education courses. The Teaching and Learning Center also provides assistance to students in using the online materials and reviews the online courses to make sure the courses have links to assistance and robust educational content.

The following table depicts the data relative to the performance of Gadsden State students in courses delivered utilizing online instruction:
