## PART A: General Information

Even if you are offered health coverage through your employer, you may have other coverage options through the Health Insurance Marketplace ("Marketplace"). To assist you as you evaluate options for you and your family, this notice provides some basic information about the Health Insurance Marketplace and health coverage offered through your employment.

### What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "onestop shopping" to find and compare private health insurance options in your geographic area.

### Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium and other out-of-pocket costs, but only if your employer does not offer coverage, or offers coverage that is not considered affordable for you and doesn't meet certain minimum value standards (discussed below). The savings that you're eligible for depends on your household income. You may also be eligible for a tax credit that lowers your costs.

### Does Employment-Based Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you have an offer of health coverage from your employer that is considered affordable for you and meets certain minimum value standards, you will not be eligible for a tax credit, or advance payment of the tax credit, for your Marketplace coverage and may wish to enroll in your employer-based health plan. However, you may be eligible for a tax credit, and advance payments of the credit that lowers your monthly premium, or a reduction in certain costs, if your employer does not offer coverage to you at all or does not offer coverage that is considered affordable for you or meets minimum value standards. If your share of the premium cost of all plans offered through your employment is more than 9.12%<sup>1</sup> (h8.7 (r6-0.8 (u)-1.3 (u5.4g y)-3.3h p)-2.4 (t))Tc -0.1 0 Tc-0.001 T4t)40834 0 Td (oy)-2.4ou(-4Clr (t))Tc47.28131 -1 0 Td e)employment

<sup>1</sup> Indexed annually; see <https://www.irs.gov/pub/irsdrop/rp-22-34.pdf> for 2023.

<sup>2</sup> An employer-sponsored or other employment-based health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs. For purposes of eligibility for the premium tax credit, to meet the "minimum value standard," the health plan must also provide substantial coverage of both inpatient hospital services and physician services.

## When Can I Enroll in Health Insurance Coverage through the Marketplace?

You can enroll in a Marketplace health insurance plan during the annual Marketplace Enrollment Period. Open Enrollment varies by state but generally starts November 1 and continues through at least December 15.

Outside the annual Open Enrollment Period, you can sign up for health insurance if you qualify for a Special Enrollment
